Exploration into The Eye of Providence quickly leads to the Illuminati. They are a secret order that was made famous by Adam Weishaupt, who was a Jesuit Priest. So, to understand the Illuminati, you are essentially understanding the many controlling arms of the Jesuits. This has long taken influence over the Vatican and controls many social and political aspects of society. Freemasonry is a primary arm.

A deeper dig into the origins of the Jesuits is here: <https://prepareforchange.net/2019/05/28/the-jesuit-order-exposed/>

From the link above, we find an immediate link to Germany:

“Upon inspecting Reuss’s rulership of Freemasonry from the 1st to 99th degree, we can also inspect his other memberships, to see the entire illuminati spread out through their interlocking secret mystical societies, which ultimately worship Satan in their inner circle.

The Eye of Providence can be found on the reverse of the Great Seal of the United States, as seen on the U.S. \$1 bill, depicted here.

Theodore Reuss: "In 1880, in Munich, he participated in an attempt to revive Adam Weishaupt's Bavarian Order of Illuminati. While in England, he became friends with William Wynn Westcott, the Supreme Magus of the Societas Rosicruciana in Anglia and one of the founders of the Hermetic Order of the Golden Dawn. Westcott provided Reuss with a charter dated July 26, 1901 for the Swedenborgian Rite of Masonry and a letter of authorization dated February 24, 1902 to found a High Council in Germania of the Societas Rosicruciana in Anglia. Gérard Encausse provided him with a charter dated June 24, 1901 designating him Special Inspector for the Martinist Order in Germany. In 1888, in Berlin, he joined with Leopold Engel of Dresden, Max Rahn and August Weinholz in another effort to revive the Illuminati Order. In 1895, he began to discuss the formation of Ordo Templi Orientis with Carl Kellner." (Wikipedia)

Why is the 1888 date intriguing? Because 1871 was the date that the Prince of Prussia became the Emperor (Kaiser) of Germany.

Was there any historical connection between the Jesuit Order and Prussia?

It would seem that the suppressed Jesuits were rebuilding and eventually flourishing in the late-1700s, in Prussia.

hostile to the papacy, who saw the Jesuits as the Pope's 'sword arm', but also of a weak papacy under Clement XIV, who finally capitulated to the demands of the monarchies of Spain, France and Portugal to suppress the Jesuits.

The Society was first banned in Portugal in 1759. In 1773 the ban was extended to all Catholic countries. In fact, the only two places

where the suppressed Society continued, and even flourished untouched by papal sanction, were Protestant Prussia and Orthodox Russia!

Confirming this, the 'Prepare for Change' article (above) goes on to record:

“According to my own research, the Martinist Order is one of the highest up groups in the Jesuit illuminati, I believe the Martinist Order was set up by the Jesuits as a place where they could introduce Satan and his demons to people climbing the illuminati hierarchy. According to my own research, the Martinist Order does not have any specific teachings written down, all teaching is by verbal teaching and you're not allowed to write down anything you learn at the Martinist Order, it's also well known that Martinists have claimed to interact with angels (which are actually fallen angels/demons) on many occasions in their meetings.

It has also been documented that Martinism and its teaching played a part in restructuring and reforming the Bavarian branch of the illuminati in the 1700's. "Having reformed the French branch of the order, Willermoz (high level Martinist) in 1782 succeeded in persuading the German mother branch to adopt his reforms – though not without meeting considerable opposition from other branches of the Strict Observance, such as the Illuminati founded by Adam Weishaupt on May Day 1776 in Bavaria." providence

noun [U]

UK  /'prɒv.I.dəns/ US  /'prɑː.və.dəns/

an influence that is not human in origin and is thought to control people's lives:

- *divine providence*

Karl Marx was quite clear in what he thought about all this Prussian influence:

Rutenberg, thanks to the monstrous stupidity of our state providence, has had the luck to be regarded as dangerous, although he was not a danger to anyone but the *Rheinische Zeitung* and himself. A categorical demand was made for the removal of Rutenberg. Prussian providence, this *despotisme prussien, le plus hypocrite, le plus fourbe*, spared the manager an unpleasant step, and the new martyr, who has already learned to display consciousness of martyrdom in facial expression, behaviour and speech with some virtuosity, is exploiting this turn of events. He writes to all the corners of the earth, he writes to Berlin that

The *Rheinische Zeitung* was launched on 1 January 1842, with Moses Hess serving as an editor. The paper originally expressed a pro-government stance, but its political line soon shifted to better accord with popular sentiment among Rhinelanders, many of whom regarded the Prussian government in Berlin as an oppressive alien entity.

Understanding Prussia leads to the Illuminati, which leads to Germany. Germany was the launching-pad whereby the Prussian enemy became invisible, which led to world wars, which led to Treaties and international laws, which led to the United Nations; whereby, "Many governments of the world feed the 'Eye'".

How does this self-appointed divine authority control humanity? It does it by ensuring that all humanity is contained within three realms of consciousness:

1. Fear
2. Greed
3. Revolution

The Prussian military playbook achieves this: Hostile take-overs, infiltration, war economy and mountains of money all drag people into these three states of mind. Problem-Action-Solution. Most activity on earth is just people reacting to the wilfully-ignorant, who are digging trenches that don't need to be dug. The Prussians use this confusion to create lock-step thinking. The rule of law is above this 'war' and is waiting for humanity to realize. It must be done by the rule of law.

An invisible hand sits behind humanity, exerting control over the human will. This hidden virus scours the earth, looking for hosts who will adopt its ideology, and wage war against dissenters. You cannot leave a captivity that you cannot see.

Rule of law only works if the laws are agreed upon and not simply imposed. That is why the US is so broken, the laws are simply imposed. Voting is irrelevant since the politicians are not obligated to the electorate because that's not who put them in office.
